Section Header

WHY SPACETECH

Enterprise Engineering DNA. Property Technology Expertise.

Intro Statement

Built on enterprise engineering principles, platform ownership, and continuous improvement — helping property organizations maximize the value of their Yardi investment.

Credibility Metrics Strip

25+ Years Technology Leadership
2000+ Platform Requests Managed
50+ Years Total Yardi Experience
3 Global Delivery Regions

Six Value Cards

Enterprise Engineering

Built by technology leaders with 25+ years of experience delivering enterprise transformation, cloud modernization, real-time platforms, data engineering, automation, and operational excellence across highly regulated industries.

Platform Ownership

We focus on platform health, operational efficiency, and business outcomes — not simply closing tickets.

Deep Yardi Expertise

Experience across Voyager, Elevate, Investment Management, Data Connect, Reporting, Integrations, and managed services.

Continuous Improvement

Support should reduce future support demand through trend analysis, automation opportunities, knowledge sharing, and root-cause elimination.

Global Delivery

Australia • India • United States. Local market understanding combined with scalable global capability.

Future Ready

Cloud, Data, AI, and Automation capabilities helping clients modernize and innovate beyond traditional support models.

Built from Real Enterprise Operations

Our operating model has been shaped by supporting complex enterprise property environments every day. The result is a practical, proven approach focused on platform stability, accountability, and measurable outcomes.

Enterprise Proof Banner

PROVEN IN ENTERPRISE PROPERTY OPERATIONS

Supporting one of Australia's largest listed property groups:

Expand the Proof Banner -

- 2,000+ Platform Tickets Addressed
- 95% + SLA
- 1000+ Active Business Users Supported
- Commercial & Residential Portfolios
- Named Functional & Technical SMEs
- Platform Health & Operational Visibility Improved

Designer Notes

Visual Style:

- Six icon cards in 2 x 3 grid
- Metrics strip directly below headline
- Proof banner on contrasting background
- Enterprise consulting aesthetic

- Focus on outcomes, platform ownership, and credibility
- Keep content highly scannable
- Avoid large text blocks
